

# ZORAN SPASENOVIĆ

---

## JAVASCRIPT DEVELOPER

Belgrade, Serbia | +381601548118 | [zoranspasenovic97@gmail.com](mailto:zoranspasenovic97@gmail.com) | [portfolio.site](https://portfolio.site)

### RELEVANT PROJECTS:

---

#### Tropical Glow | <https://tropicalglow.rs>

Freelance Web Developer | October 2024 – Present

- Built an e-commerce website for the skincare products of Spa Ceylon cosmetics brand using Express.js, EJS, and Sequelize (MySQL).
- Created admin dashboard for products and order management.
- Planned and built whole project independently based on client requirements.
- Deployed project in production, optimized caching for static files and still maintaining it myself.

#### Trailer Zone | [trailerzone.com](https://trailerzone.com)

Demo app

- Api integration from TMDB, app created using REACT.js for frontend, express.JS for REST Api and MongoDB for NoSQL database.
- User authentication system with secure login and signup. (JWT)
- Search functionality for movies, tv shows and actors with search history features.
- Various API endpoints from TMDB and video rendering (trailers).

#### Chit Chat | [chitchat.com](https://chitchat.com)

Demo app

- Real-time chat application developed using the MERN stack (MongoDB, Express.js, React.js, Node.js) with Socket.io for instant messaging.
- User authentication system with secure login and signup. (JWT)
